Customer Service

Our friendly and courteous staff are dedicated to renting and managing your vacation home. We keep lines of communication open with your neighbors and provide them with our 24-hour emergency phone number, which is also available to homeowners and Guests.

Housekeeping, Inspections & Maintenance

Our trustworthy and experienced cleaners deliver an immaculate space so that your Guests can settle in comfortably and thoroughly enjoy their time in your home. In addition, we conduct inspections before and after Guest stays to check for damage and take preventative maintenance measures.

Website & Booking

We offer 24/7 real time pricing, availability, and online booking. To keep our rates competitive, we keep a close eye on the trends of the Key West rental market. We offer dynamic pricing, meaning our rates are constantly checked and change based on the market, competitors, and your current rental bookings. You'll receive access to an online owner portal so you can view your past, current and upcoming bookings, see your monthly owner statements, and monitor income and expense activity.

Guests Selection

Once a Guest expresses interest in your vacation home, our friendly and professional guest services and concierge team will speak to them to ensure they are a good match. We'll send out pre-arrival and post departure emails and make phone calls to attend to Guest needs and solicit feedback about their stay.

Additional Services

Our aggressive marketing program uses pay per click, search engine optimization, social media, email marketing, and Google Analytics (to name a few) that puts your Key West vacation home in front of as many potential Guests as possible.

We'll list your rental across various popular vacation rental websites with a professional write-up and professional photography at no extra charge.

We offer the management of pool, yard, and maintenance issues with complete bill paying service, direct deposit, and annual licensing administration.

We're confident we can help increase your net income. So much so that we are willing to discount our fees the first year as an incentive to give us a try!
